**DOB:** 14 February, 1998

## EDUCATION

**Bachelor of Technology - CSE** **8.1**  
Ajay Kumar Garg Engineering College | 2016- Ongoing  
**Intermediate** **94.8%**  
Bal Bharati Public School | 2014 - 2015  
**High School** **9.6**  
Bal Bharati Public School | 2012 - 2013

## PROJECTS

**TEDxAKGEC** **February 2019**  
Android|Kotlin|Retrofit  

- An Application for TEDxAKGEC.
- It informs users about next event and speakers.

**Saksham'18** **November 2018**  
Android|Kotlin|Retrofit  

- An Application for our College Inter-Departmental Sports Events.
- It features news, poll and medal tally of my college's annual sports Event.

**Automated Irrigation System using ML** **October 2018**  
Arduino  

- We created a system that will automatically irrigate the land by sensing environment and predicting rainfall and participated as a team of 5 in ChallengeACI.
- Successfully integrated all the wired and wireless sensors with arduino.

**ToWatch** **April-July 2018**  
Android|Flask|Retrofit|Kotlin|Firebase  

- ToWatch is a movie directory application.
- It notifies the user about the latest and upcoming movies.
- User can watch trailers and create his personalised list of movies that he intends to watch.

**Soccer Playing Bots** **March-April 2017**  
Arduino  

- Successfully made two soccer playing bots and participated as a team of 7 in Technoxian'17.

## CERTIFICATIONS

**Neural Networks and Deep Learning by deeplearning.ai**  
Coursera  
April 3, 2019

## SKILLS

Android App Development	Machine Learning
Kotlin	Neural Networks
Python	Java
C/C++	LaTeX

## INTERESTS

- Music
- Digital Games
- Movies
